📄 **pAImarket – Pitch Deck**

🔶 Slide 1: Title

```
Pitch Deck: pAImarket
Local commerce, global Pi impact
Empowering local economies through Pi-based peer-to-peer trade
```

🔶 Slide 2: The Problem

Many small producers and local sellers face:
- Limited digital tools to reach customers
- No access to international payment systems
- Expensive fees and middlemen in online marketplaces
- Lack of financial inclusion in Pi-friendly economies

🔶 Slide 3: The Solution – pAImarket

pAImarket is a decentralized peer-to-peer marketplace
powered by the Pi Network – allowing people to buy and sell
real-world products directly using Pi cryptocurrency.

💡 No middlemen
💡 Dynamic conversion via Bitget API
💡 Instant listing, simple cart, order and archive system
💡 Built-in admin tools and PDF reporting
💡 Voice AI assistant for future accessibility

🔶 Slide 4: Core Features

✅ Product listing and shopping cart
✅ Currency conversion BGN → π using Bitget API
✅ Admin dashboard with add/edit/delete/archive
✅ JSON-based data storage (products + orders)
✅ PDF order report + email sending
✅ Multilingual interface (EN/BG)
✅ AI Assistant integration planned
✅ Mobile-first responsive layout

🔶 Slide 5: Live Demo

Try the live MVP:
🌐 https://playforall.online/pAImarket

→ Add, edit, and delete products
→ View orders in table or export to PDF
→ Admin interface available with secure login

◆ Slide 6: GitHub Repository

Code available at:
💻 https://github.com/Mnooogo/pAImarket

Includes:
- PHP backend
- JSON storage logic
- PDF and email integration
- Responsive HTML/CSS/JS

◆ Slide 7: Roadmap

- ◆ Q2 2025 – Submit to Pi Grant, add Pi Wallet test interface
- ◆ Q3 2025 – Add escrow logic, AI order assistant, search/filter
- ◆ Q4 2025 – Launch with full Pi payment support and mobile PWA
- ◆ 2026 – Integrate community rating & review system

◆ Slide 8: Why pAImarket Matters

🌍 Builds financial inclusion with Pi in underserved markets
🛒 Empowers micro-sellers and local trade
🔗 Real utility for Pi beyond speculation
🔐 Transparent and secure – no fiat, no ads, no fees
🤝 Driven by real-world needs, not hype

◆ Slide 9: Team & Contact

👤 Stefan Spasov – Project Creator
🔧 Full stack developer & civil engineer
🌐 Portfolio: https://devcodeapp.site
📧 mnooogopi@devcodeapp.site
📍 Bulgaria, EU

◆ Slide 10: Thank you

🧺 Thank you for supporting pAImarket
Let's bring real-world trade to the Pi economy – one product at a time.

Ready to empower communities with you.
